**AMENDMENT 1**  
**NOTICE OF RACE**

Organizing Authorities: Goat Island Yacht Club, Ltd. and Newport Yacht Club

1. Replace paragraph 9.3 with the following (it is taken from the US Edition 2010-2011 ISAF Offshore Special Regulations paragraph 5.11 page 84):

It is recommended that a preventer or boom restraining device should be rigged in such a manner that attachments can be easily and quickly made, with the boom fully extended (running) without leaving the deck or leaning overboard. A process and plan for its use should be part of the crew's training and practice.
