NOTICE OF RACE**

Organizing Authority (OA): Newport Yacht Club

**2021 BERMUDA ONE-TWO
APPENDIX A — REQUIRED SAFETY EQUIPMENT**

BEFORE CHANGE #1:

ABANDON SHIP EQUIPMENT

- (9) An abandon ship survival kit, containing the the following items must be either incorporated in the liferaft package or carried as a separate watertight package (Pyrotechnic signals shall be provided conforming to SOLAS LSA Code Chapter III Visual Signals and not older than the stamped expiry date (if any) or if no expiry date stamped , not older than 4 years.):

Sea anchor or drogue for the raft, pump or bellows to top off air pressure in the raft, raft repair kit, two (2) paddles, bailer, signal mirror, two (2) flashlights with spare batteries and bulbs (additional flashlights/spotlights will suffice for extra bulbs), one of which should be a watertight, spotlight-type with a powerful beam, two (2) red parachute SOLAS flares, three (3) red hand-held SOLAS flares (in addition optionally one (1) hand-held electronic flare for at night only (inspection performed per manufacturers inspection requirements)), space blanket, medical kit, food rations, two (2) multi-tool, fishing kit, knife, drinking cup, and handheld waterproof VHF radio (this may be the same radio as in # 59).

AFTER THE CHANGE #1 (reference in paragraph 9 changed from 59 to 60):

ABANDON SHIP EQUIPMENT

- (9) An abandon ship survival kit, containing the the following items must be either incorporated in the liferaft package or carried as a separate watertight package (Pyrotechnic signals shall be provided conforming to SOLAS LSA Code Chapter III Visual Signals and not older than the stamped expiry date (if any) or if no expiry date stamped , not older than 4 years.):

Sea anchor or drogue for the raft, pump or bellows to top off air pressure in the raft, raft repair kit, two (2) paddles, bailer, signal mirror, two (2) flashlights with spare batteries and bulbs (additional flashlights/spotlights will suffice for extra bulbs), one of which should be a watertight, spotlight-type with a powerful beam, two (2) red parachute SOLAS flares,

three (3) red hand-held SOLAS flares (in addition optionally one (1) hand-held electronic flare for at night only (inspection performed per manufacturers inspection requirements)), space blanket, medical kit, food rations, two (2) multi-tool, fishing kit, knife, drinking cup, and handheld waterproof VHF radio (this may be the same radio as in # 5960).

BEFORE CHANGE #2:

BELOWDECK SAFETY EQUIPMENT

- ___ ___ (38) Fuel sufficient to permit 150 miles or 20 hours of engine use at normal cruising rpm, in addition to the amount of fuel needed to charge batteries.
- ___ ___ (47) A means of charging batteries (with a fuel supply for ten (10) days plus 20 hours independent of cruising range as per number 37 above).

AFTER CHANGE #2 (reference in paragraph 47 changed from 37 to 38):

BELOWDECK SAFETY EQUIPMENT

- ___ ___ (38) Fuel sufficient to permit 150 miles or 20 hours of engine use at normal cruising rpm, in addition to the amount of fuel needed to charge batteries.
- ___ ___ (47) A means of charging batteries (with a fuel supply for ten (10) days plus 20 hours independent of cruising range as per number ~~37~~ #38 above).
